World's No. 1
Manufacturer of Fendercovers

Fendercovers Worldwide Ltd are the **World's No. 1** manufacturer of Fendercovers with an outstanding reputation with Boat Builders, Super Yacht and Leisure markets. Today our 'Fendequip' brand is the leading name in OEM and Aftersales accessory across the world.

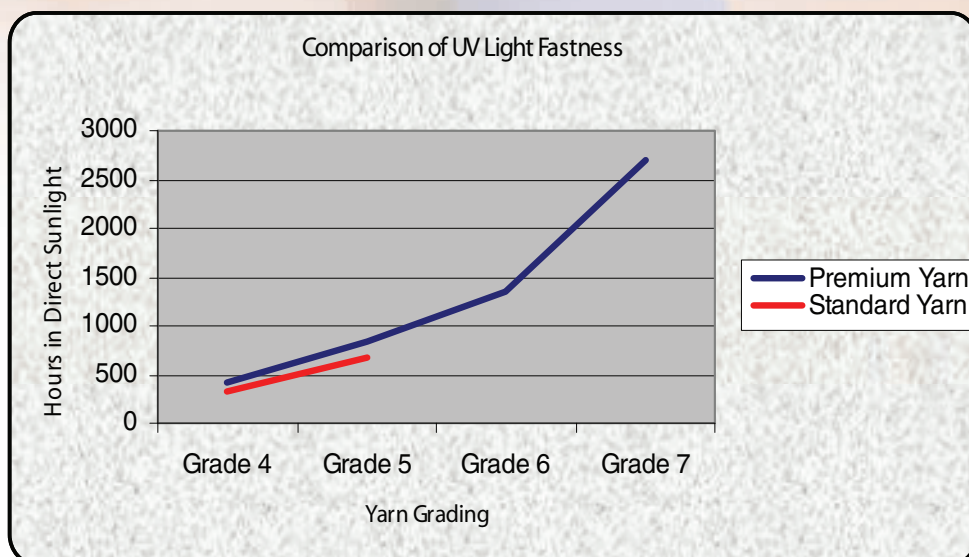

Our 'in-house' experience and expertise is unmatched by any other Fendercover manufacturer and is undoubtedly the main reason why we are constantly expanding and improving our manufacturing capacity to meet the demand.

We have proven expertise to be able to offer not only standard size Fendercovers but also a bespoke service, with the ability to manufacturer a large number of bespoke Fendercovers to order.

From raw yarns the company manufactures loop-knit fabric on its own specially designed knitting machines using the highest quality premium yarns available. When Premium Yarns, are used to manufacture Fendercovers it gives a richer deeper colour. The yarn is fuller, therefore making the finished product thicker, softer, more flexible and more likely to return to shape and not go baggy.

The finished fabric is stain resistant, non-abrasive, loop-knit acrylic. All Fendequip products are made from this fabric and are extremely durable and have a high resistance to UV.

Fendequip products are tested to ISO 105 B02, greater than Grade 7*. When tested for light fastness Fendequip will last 8 times longer in direct sunlight before showing signs of fading compared to similar products made from standard yarns. We believe that we are the only manufacturer to use these premium quality yarns.

* Navy Blue and Black

Fendequip Standard Fendercovers

Each Fendercover is individually hand finished from our own loop knit fabric and are available in a variety of colours to suit all makes, shapes and sizes including inflatables.

All Fendercovers are retail packaged which enable your stockists to hang the products from a prominent display; the bag incorporates a clip-close carrying handle that will allow the bags to be resealed easily.

The packaging includes a size chart including a size chart including the whole Polyform series, Majoni, Anchor Marine, Dan Fender, Castro and Avon Inflatable Fenders which will increase sales.

Fendequip Super Yacht Fendercovers

We specialise in manufacturing Fendercovers for the Super Yacht market.

All Fendercovers are manufactured from our own loop knit fabric, in double ply. Whether the fender is 1 metre or 7 metres we have the facility and capability to produce a Fendercover for any size fender.

Fendequip Standard Fendercovers available for all fenders including:

- Anchor Marine
- Avon
- Castro
- Dan Hill Plast
- Majoni
- Polyform
- Plastimo
- Scanmarin

Fendequip Super Yacht Fendercovers available for all fenders including:

- Aere
- Avon
- Henshaw 'Easystow'
- Mega Fend
- Nautica
- Novurania
- Ribcraft

Fendequip Safety Rail and Guard Rail Covers:

Manufactured from the same high quality soft loop fabric as our Fendercovers, the Safety Rail and Guard Rail cover products have a core of closed-cell foam which makes them non-absorbent, quick drying and stain resistant. Quick and easy to fit. Available in 1 meter lengths.

Fendequip Rope 'Anti Chafe' Covers

Specially designed to fit any size rope or line, Fendequip Rope Covers are made from the same soft loop fabric as our Fendercovers, they are very quick and easy to fit. Non-absorbent, quick drying and stain resistant. Available in 1 metre lengths.

All products are available in our standard four colours:

Navy Blue

Red

Royal Blue

Black

Also available in over 70 different colours including the popular burgundy, bottle green, chocolate brown, peacock blue, charcoal grey and beige.

FENDER COVERS

Fendequip covers are specially designed to Look Good, Protect Topsides from fender scuff and help avoid costly gel-coat repairs.

Fendequip products have been tested to British Standard ISO 105 B02, greater than Grade 7 for UV resistance; Fendequip will last 8 times longer in direct sunlight compared to similar products

- Available to fit all makes of fenders including bespoke sizes. (Available for special order)
- Machine washable a 40°C
- Handmade in England
- Increased fender life
- Ultimate gel-Coat protection

For size guide & fitting guide please see our website

FITTING GUIDE:

Inflating your fender to the correct size is often overlooked, yet is one of the most important aspects in protecting your boat with Fendequip Fendercovers. By using this guide you will be able to inflate your fenders correctly, which will allow you to choose the correct **Fendequip Fendercovers**.

For the perfect fit of your Fendequip Fendercovers we would recommend that you slightly deflate your fender, fit the cover and re-inflate to your fender manufacturers specifications.

If this information is not available we would recommend the fender is inflated to a maximum of **2 PSI**.

It is very important not to over inflate your fenders. Inflating above the manufacturer's specifications or **2 PSI** will reduce the performance and may cause premature failure but it will also void the warranty.

When a fender is over inflated its sides bow out and the ends become rounded, as the examples of the over inflated fenders on the left show.

Note: The Fender Guide is to be used as a general guide. Common sense, as well as an understanding of your boat and mooring conditions, must be considered.
The final responsibility has to be taken by the consumer due to the many variables.

RAIL AND ROPE COVERS

FENDEQUIP SAFETY RAIL COVERS

SRC1BL Black

SRC1NB Navy Blue

Our soft safety rail covers mean you can happily sit or lean on the guardrail wire, in comfort, even for long periods and they will also enhance the appearance of your boat. Made from the same soft loop fabric as our fender covers, the rail cover has a core of closed-cell foam. Quick and easy to fit, they thread onto the safety rail between the stanchions. Available in 1 meter lengths.

FENDEQUIP GUARD RAIL COVERS

GRC1BL Black

GRC1NB Navy Blue

Have you ever wanted that extra added comfort when leaning against cockpit and sundeck guardrails? Now you can, with our innovative and hard wearing guardrail cover. Made from the same soft loop fabric as our fender covers, the guardrail cover has a core of closed cell foam. Enhancing the appearance of your craft, they fit all cockpit and sundeck guardrails and can even be used on safety rails with dodgers. Very quick and easy to fit, they can be placed anywhere on the guardrail, even over stanchions. Non-absorbent, quick drying and stain resistant, Available 1 meter lengths with two diameters to fit 19 mm or 25 mm rails.

FENDEQUIP ROPE COVERS

RC1BL Black

RC1NB Navy Blue

Rope chafe can be damaging to your vessel's hull and top deck and can leave permanent damage on the gel coat. Made from the same soft loop fabric as our fender covers, they are very quick and easy to fit. Non-absorbent, quick drying and stain resistant. Available in 1 metre lengths.
